# Test Phone Contractor 3-way lead

---

# “Loaded with features, a great contractor butt”

---

## The basic workhorse buttinski

The Aegis CZ20018 Test Phone - Contractor (3-way lead) is designed for use by line installers, repair technicians and other authorised personnel for telecommunications line testing and temporary communications.

The CZ20018 Test Phone operates in Talk, Ring and Monitor modes, each of which is easily selected by the user. It also uses tone and Pulse Dial and includes a Polarity indicating LED.

The high impedance design protects against disturbing data, voice or signaling. Added versatility includes reverse polarity indication.

Other features of the CZ20018 Test Phone are last number redial, 10 number storage, water resistance and includes a field replacable line cord and durable belt clip.

# Test Phone Contractor

Fitted with a Multi-Way lead set as standard (Krone, RJ, and clips) the Aegis CZ20018 Test Phone - Contractor (3-way lead) is ready to perform every time. Light weight and loaded with features, the CZ20018 Test Phone - Contractor (3-way lead) is a great tool for occasional and regular users.

## SPECIFICATIONS

### 1 Spec info

Loop: 4kΩ max at 48VDC  
Min 15mA current (nom)  
Resistance: 150Ω at 80mA (typical)  
Monitor: Ring: 600Ω at 1kHz  
Monitor: 100kΩ at 1kHz

### 2 Rotary Dialing

Pulse Rate: 10 +/- 0.5 pulses/sec  
% Break: 60% +/- 2%

### DTMF Output

Tone Frequency Error: +/-1.5%  
Level of Tone Pair: +2dBm max, -8dB min

### 3 Physical

Dimensions: 224 x 712 x 700mm  
(l x w x h)  
Weight: 380 grams  
Battery: CR2032 - 3VDC
